Dearest Daddy & Mother:

I received your card today, and will probably get the box tomorrow. I'm feeling good today, but will have to remain here a few more days for the doctor to observe my asthma. They've I'm out by X mas. It's a toss having in here. I got a couple of books from the library, and have been reading a lot, and writing too.

Have you received a letter in answer to your inquiry about the designation? Let me know. I showed Bert come in last night. Write soon.

Love,
Harold
